### **About Wayside Chapel**

Wayside Chapel has provided unconditional love, care and support for people on and around the streets of Kings Cross since 1964 and Bondi since 1971.

Today, under the banner of love over hate, Wayside Chapel creates a community where there is no 'us and them' by breaking down the barriers of judgement and providing a safe place where people from all walks of life are welcome just to 'be'.

Wayside Chapel draws people out of social isolation and invites them into the healing place of community. People marginalised by homelessness, mental health issues and substance abuse can turn to Wayside for compassion, tolerance and support.

Our community services centres in Bondi and Kings Cross, outreach service, mental health program, community cafe and Aboriginal project are all designed to ensure the most disadvantaged members of our community have access to essential health, welfare, social and recreational services.

Our community development program reaches out to the wider community to ensure that The Wayside Chapel is a place for people from all walks of life.

**Vision:** Love over hate

**Mission:** Creating community with no 'us and them'

**Values:**

*Openness (No secrets):* We have a profoundly simple mission, which is to create a community, and our message and work are undiluted with other agendas.

*Teamwork (No cowboys):* Our goal of creating community is also our method. We work in a collaborative way to invite people out of singular, individual life into the risky and healing place of community.

*Patience (No rush):* We cannot make people change. If we could, we'd be guilty of manipulation of some kind. Instead we are on the lookout for sparks of life, signs that people long for better, and we look to engage and help people move to better days and better health.

*Courage (No complacency):* It takes courage to confront people who've lost hope and invite them into the world of relationships with responsibility. Wayside is not an intensive care unit but an invitation into life and community.

*Respect (No Judges):* People have the right to make their own decisions. People have the right to make bad decisions. People who choose singular misery or even death deserve to have their rights respected. Wayside's mission is not to fix people but to love them and be with them, knowing that if they are really met, they'll really move toward health and life.

**Behaviours:**

*Stand Back:* Recognise that we are each necessary, significant but not central. The mission evaporates when we are central. Take a step back when our emotions are high and cool off. When central, the important thing is how we feel and the most pressing need is to express our feeling. When necessary, significant but not central, in a time of difficulty, the most important thing is to ask "what facts do I not have" and "who can I talk to for reliable clarity".

*Speak Well:* Identify and appreciate the strengths in colleagues. Recognise that every-one's strengths are also their weaknesses, if we look for weakness, we'll find it and if we look for strength, we'll find it. An atmosphere where colleagues are habitually talked up behind their backs will create an unbeatable team.

*Embrace Errors:* Accept when you have made a mistake, that an opportunity to learn is present. Learning is lost when we spend energy covering our arse or blaming others. Nothing is more liberating than the security it takes to admit that your performance did not cover you or the team in glory. Helping each other embrace moments of learning will build a team that can overcome anything.

*Be Kind:* We do an excellent job of being kind with our visitors, lets also be kind with each other. Kindness is implicit in our vision and our mission. Kindness is not a matter of feeling anything but a matter of acting and participating. You might feel uncomfortable but kindness will give the benefit of the doubt or begin an uncomfortable but direct discussion.

### **About the Heart Café Team**

The Wayside Heart Café is part of an ambitious and innovative pilot social enterprise venture launching in October 2018. The Heart Café will provide an opportunity for paid traineeships to youth at risk over a 12-month period. Throughout this time, they will receive the necessary personal and technical skills to develop and flourish so that by the end of the program they will be able to excel in further education or employment, while offering high-quality culinary offerings to the community at Bondi Beach.

As a pilot project it is anticipated the model will be continuously refined and improved over the initial 12 to 18-months so that it can be scaled and rolled out to a larger cohort and beyond a hospitality training environment.
