“Wayside is a centre for love. I came here with a broken heart but that what’s good about here – most people understand what a broken heart is. And they endeavour to give you the tools to get around that broken heart.”

Rodney

“I’ve been coming to Wayside for 20 years and they helped me get off the streets. It’s a place where there are caring people who ask how you are, and it’s nice to feel connected and receive ongoing support.”
